Section 1 – Patient/consumer details

This section must be completed.

Full name

Date of birth

UR number (if known)

Address

Telephone

Email address

Patient/consumer signature

Date

Section 2 – Proxy details

Complete this section if you are a proxy. A proxy can be a parent, legal guardian, medical treatment decision maker and any other person you want to have access to your Health Hub information.

Full name

Date of birth

Relationship to patient/consumer

Proxy address is the same as the patient/consumer address listed above (tick box to confirm).

If you have a different address, please provide it below.

Address

Telephone

Email address

Proxy signature

Date

A copy of my photo ID is attached or has been provided to staff at hospital/community service.

Patient/consumer consent

I certify that the above information is true and correct. The proxy listed above can use Health Hub to view my information. I understand that proxy access to Health Hub is at the discretion the hospital.

Proxy access level (tick one only):

Full access

Limited access

Find out more about proxy access levels at health-hub.org.au.

Patient/consumer signature

Date

Medical practitioner authorisation (required for patients without decision-making capacity)

The patient is unable to consent to proxy access. I have verified that the proxy is the legal recognised medical treatment decision maker and authorise their full Health Hub access to this patient/consumer's information.

Name of authorising medical practitioner
Role or designation
Authorising medical practitioner signature
Date
For staff use only – must be completed before you issue a Health Hub activation code

- I have checked the EMR and confirm there are no FYI flags for this patient/consumer.
(Issue activation code)
- I have checked the EMR and confirm there are existing FYI flags for this patient/consumer.
(Submit for review)
- Photo ID verified
